

## Carcaise Home Builders

ROCHESTER — Carcaise Home Builders specializes in tailoring a house to an owner's needs, taste and budget. The custom-building company works with an architect to design each home. The completed home is usually two stories, around 2,500 square feet, with such features as open foyers, 18-foot ceilings, gabled roofs, great-rooms, skylights, walk-in closets, indoor whirlpools, garden tubs, wrap-around porches, built-in bookcases and three-car garages.

To set its homes apart, Carcaise also offers specialty brickwork; all-vinyl-siding homes; extended chimneys; brick, stone and gas fireplaces; and custom mantels. Selecting just the right home site is almost as important as choosing the home style, and Carcaise Home Builders recommends a wide selection of sites.

Its homes can be found in East Shaffer Estates and Woodhaven Estates, Center Township; Highland Meadows, Chippewa Township; Seven Oaks Country Club, Ohioville, and Candlewood Estates, Moon Township. Carcaise offers lots in these developments or will build on your lot. Carcaise Home Builders, at 306 Valley Drive, Rochester, is in the third-generation ownership of John F. Carcaise III. The family has been in business for 93 years and was voted "Best of the Valley" for home building for five consecutive years by readers of The Times. For more information, call (724) 774-3198.
